Environmental Impact Statement

Comment Form

Draft Environmental Impact Statement for the Proposed Canadian National Railway Company Acquisition of the Elgin, Joliet and Eastern Railway Company

STB Finance Docket No. 35087

Date: 8-27-08

Comments must be submitted by September 30, 2008.

I feel very strongly that Canadian National should not be allowed to acquire the EJ+E Railway Company. First the increase of rail traffic will affect first responders - ambulance, access ~~the~~ etc to our home & the schools ~~are~~ our daughters attend. Once an ambulance would arrive - potentially they would not be able to return to the hospital because a ~~track~~ road could be blocked by a train. Additionally our infrastructure is not set up for this type of traffic. It would take years to build this type of infrastructure. I don't understand why the trains can't fly on their existing trains where the infrastructure exists.

YOUR INPUT IS IMPORTANT!
