Environmental Impact Statement

Comment Form

Draft Environmental Impact Statement for the Proposed Canadian National Railway Company Acquisition of the Elgin, Joliet and Eastern Railway Company

STB Finance Docket No. 35087

Date: 8/27/08

Comments must be submitted by September 30, 2008.

The CN trains would greatly impact my life. I am a Barrington High school senior and I drive to and from school everyday. I'm also on the tennis team and the increase in trains would make commuting to and from school much longer, it would also increase car and train accidents. Being a student who has had to experience 2 deaths of other students due to trains and 3 others due to car accidents, I need to do all in my power to try and reduce these occurences. An increase in trains would cause traffic to get worse and lead to more car accidents. Being a new driver (only 17 years old) driving in traffic gets very stressful and the more traffic would definitely cause more accidents and more deaths. which is something no one should have to experience at any age, especially in highschool.

YOUR INPUT IS IMPORTANT!
