Although there seems to be significant benefit ~~to~~ in the acquisition of EJE Railroad, as a resident of a community ~~impacted~~ affected I am concerned about the impact it will have on a number of items that are part of my daily life.

1) ~~re~~ traffic congestion. With a proposed increase of 13 trains (currently 5 trains pass the community to 28) we can average 1 train per hour. I will be stuck behind a train at any given time leaving or going home.

2) I live across an elementary school and am concerned in the increased pollution and impact it will have on the children.

3) In case of emergency i.e. rushing to hospital or ~~garage~~ having a rescue vehicle come to my house could be delayed by being stuck behind a train.

4) my real estate value is going to decline.
