Draft Environmental Impact Statement for the Proposed Canadian National Railway Company Acquisition of the Elgin, Joliet and Eastern Railway Company

STB Finance Docket No. 35087

Date: Aug 29, 2008

Comments must be submitted by September 30, 2008.

My Family (husband, wife and Four daughters) live in downtown Barrington, Illinois. We chose to live in downtown Barrington for beauty, safety and closenoss to the downtown area. We live 1 mile from the train tracks. Our only access to our schools, stores, churches etc is to cross the tracks. The traffic on Route 59 is incredible. It normally takes 10 minutes to go 2 miles into the downtown area. When a freight Train comes thru it takes 20 minutes.

Our town cannot afford to have one additional Freight train a day. There is no options for this type of deadly decision.

I guarantee that the executives on CN would not want this to happen to their home town. How can any political US citizen vote in favor of a non US company destroying hundred of US Towns.

IF CN has to have a rail line Have them built one in non occupied areas. Why should we pay the price for their profits.

We will be devasted if this actually happens! Please vote for the average US citizen in average US Towns!

YOUR INPUT IS IMPORTANT!
