Environmental Impact Statement

Comment Form

Draft Environmental Impact Statement for the Proposed Canadian National Railway Company Acquisition of the Elgin, Joliet and Eastern Railway Company

STB Finance Docket No. 35087

Date: 8/21/08

Comments must be submitted by September 30, 2008.

The proposed purchases by CN rail line will have disasterous effects on the communities. It will increase congestion & delays of fire trucks & ambulances - costing lives & homes. Thus adding additional burdens on the communities to build by passes for safety. thus increasing taxes. All this for CN rail to increase their profits.

Then we have the effects that will change the lives of everyday people. Extend commute times to work, delay driving to simple things like church, grocery store. Think of all the carbon-monoxide filling the air from cars sitting & waiting while a 100's of freight cars go by.

In the end there will be additional costs that the people will have to shoulder ~~of~~

YOUR INPUT IS IMPORTANT!
