Environmental Impact Statement

Comment Form

Draft Environmental Impact Statement for the Proposed Canadian National Railway Company Acquisition of the Elgin, Joliet and Eastern Railway Company

STB Finance Docket No. 35087

Date: 8/~~28~~ 27/08

Comments must be submitted by September 30, 2008.

I have lived in Barrington for over 25 years - my family has been here for almost 60 years. I returned to raise my own family in this closeknit community that offers quality education, safety + housing for my family. I am horrified to think about the impact of the CN trains will have on our lives + community. My children are walkers to school and will need to cross the tracks to go to High School - I fear for their safety crossing those tracks 2 x's a day. Why are we in this post 9-11 era allowing a foreign company to come in an so adversley affect our lives. Who can assure us that our community will continue to be safe from biohazardus spills? On behalf of my family + community I beg you to reconsider this proposal and at the very minimum require the restructuring of the tracks so that they are below grade. If these trains are allowed to enter our community without any changes Barrington will no longer be a place to "come home" to. We will lose financially, emotionally + the security of our community.

Thank You.

Jennifer L Welsh
