STB Finance Docket No. 35087

I am a resident of Frankfort and my concern is the length of the trains. How long will they be, the trains should have an acceptable size/number of cars. So many are so long and so slow!!! I turn my car off and wait forever it seems. If they are going to run long trains they need to make sure they don't stop at crossings and run at a desirable rate of speed so not to congest an area.
