

Environmental Impact Statement

Draft Environmental Impact Statement for the Proposed Canadian National Railway Company Acquisition of the Elgin, Joliet and Eastern Railway Company

Date: 8-27-08

Canadian National has significant HAZMAT safety violations in Canada alone. We have well water and just one HAZMAT spill can keep the entire community from having safe drinking, cooking & bathing water for an undetermined ~~and~~ amount of time. This needs to be more strongly considered.

Americans' welfare & safety needs to ~~be~~ have priority over Canadian Citizen's capital gain.
