Importance: High

Hi Adam and Alan,

Sorry for the flurry of emails recently. We reached out to Scott Slagor with the Michigan State Historic Preservation Office (MI SHPO) late last week to check on the status of the review. Scott indicated that the MI SHPO did not receive the updated information requested. I think there is a 30 MB file size limit for the electronic filing, so there could have been an error in uploading the file(s).

Could you please confirm if you were able to successfully upload the information? If the information was not submitted, we could also upload the files if needed on the Surface Transportation Board's behalf. Please let us know you need any assistance.

Thank you,
Dan
