Scoping Comment for the Proposed Canadian National Railway Company Acquisition of the Elgin, Joliet and Eastern Railway Company STB Finance Docket No. 35087

Comment Form

How Do I Submit Comments?

- **Written Comments:** Complete and submit this form at the public open house scoping meeting, or follow the directions on the reverse side of this sheet to mail your comments.
- **Recorded Comments:** Provide your comments to a member of the project team or court reporter at this public open house scoping meeting, or call the toll-free project information line: 1-800-347-0689.
- **Electronic Comments:** Submit electronic comments by visiting the Surface Transportation Board's website, www.stb.dot.gov, under the heading "E-Filing."

Please refer to STB Finance Docket No. 35087 in all correspondence addressed to the Surface Transportation Board. Comments must be submitted by February 1, 2008.

We are opposed to this acquisition due to the increased rail traffic through our residential neighborhood. The traffic has been projected to go from 4.4 to 23.4 trains/day.

The tracks run along residential neighborhoods, a bike path, a school and 3 grade crossings in the town of Wayne.

Currently trains wait on Stearns Road blocking traffic almost daily. With the increased traffic this will get worse.

Also, it is unsafe for some many grade crossings near an elementary school. It also separates us from our fire stations in the event of an emergency (especially at the school) this creates a delay that may be the difference between life and death.
