Message:

Please add my voice to the cacaphony of those opposed CN's acquisition of EJ&E railroad lines. Traffic flow through the Barrington area will be exponentially worsened. I am concerned about the number of times my children will be tardy to school because the roads are blocked and about children left unsupervised by an adult because drivers cannot get to and from school. These are inconveniences and of no account to CN. I am concerned about the public safety as regards the inability of fire and police to reach citizens and then denied access to hospitals. I am concerned about public safety as regards the unacceptable increase in hazmat freight. This region relies on well water for home use. Contaminated ground water would have astronomical environmental impact. We would become a ghost town. CN's bottom line is money in their pockets. Our bottom line is quality of life. I fail to see how gaining 16 - 18 hours in freight transit time wins over the safety of the citizenry. Thank you for your consideration of these issues.
