Dear Mr. Johnson-Boss,

Please keep us right the CN Railroad.

It is dangerous for our community

to have so many, many trains all day.

leaving dangerous material. I read in the

paper how CN did not keep the people of

Alaska, (State Wagonway) to clean up as well.

Why should they care about Americans if they

do not care about their own. Also we do not

want to pay taxes to improve the ^{schools} ~~community~~.

Further benefit. Thank you. Mrs. Ann Muchala
