Draft Environmental Impact Statement for the
Proposed Canadian National Railway Company
Acquisition of the Elgin, Joliet and Eastern Railway
Company

STB Finance Docket No. 35087

Date: 8-27-08

Comments must be submitted by September 30, 2008.

The additional Trains will devastate
the current down town business dist. Already
the current traffic to get in to down town
backs up over a mile blocking my neighbor-
hood entrance on the east side. I cannot
imagine the back up or shall I say standstill
in traffic this would cause. We would be
completely blocked from emergency
services, not to mention the disruption
of the school bus service
