Draft Environmental Impact Statement for the
Proposed Canadian National Railway Company
Acquisition of the Elgin, Joliet and Eastern Railway
Company

STB Finance Docket No. 35087

Date: 8/27/08

Comments must be submitted by September 30, 2008.

As a school principal working for the Barrington CVSD #220, the proposed CNE freight line has serious and profound safety impacts on the children of this community. As well as a severe and profound negative impact on our ability to deliver a public school education for our students. Fire, police, and paramedics will be trapped on the wrong side of the tracks and will result in a potential death and/or lifelong disability. This can not be allowed to occur.
