How will CN's proposed acquisition of the EJ&E impact you?

I will & have been delayed by 20 min
for work, taking my kids to school & dance
& music lessons. My children have been
stopped by the trains on their way to &
from school & after school activities
→ Rescue Vehicles cannot get through
this train blockage runs from old Mchenry
road thru 60/83 to diamond lake rd
and allinson rd (Lake Zurich/Hawthorn Woods,
Diamond Lake & Mendota Illinois) I have
had my home shake when trains come
through & my home is 1/3 mile from track.
This poses a danger with children
darting between stalling cars to cross
60/83 & Diamond Lake. This should be
taken to a vote in the community on
whether or not this merge should go through

I find your info misleading
because I know how
many trains go through. Every time I leave my
house I'm stopped.

Signed

I did not like this form of
coming up to the stage. It would
have been more effective with the
microphone being passed.

freight trains used to run 2 minutes now
they run 8 minutes to 20 minutes
longer if it stops & backs up.

& several times a week gates are down
with no train causing delay.
