How will CN's proposed acquisition of the EJ&E impact you?

I am concerned with transportation
issues in Lake City overall but
very concerned about the added
transportation problems this acquisition
would cause. Increased time travelling
to almost anywhere we go, concerns
about safety issues, fire, police,
ambulance times will all increase.
The police must cross tracks to get
from the station to our house and
our kids school. Our property values
will go down as we live less than
a half mile from the tracks, I already
wake up from the couple of trains
at night but will definitely decrease
the value of my home. Please oppose
this acquisition by Canadian National.
