2 Ladner. I live in Aurora at 1016 Asbury  
3 Drive, and I want to protest this  
4 acquisition by Canadian National Railway as  
5 being devastating from a health and safety  
6 standpoint to my family, that it will  
7 prevent emergency vehicles from getting to  
8 my family in a timely basis. It will  
9 prevent us from getting to our hospital on  
10 a timely basis. It provides environmental  
11 impact, noise impact, and health and safety  
12 impacts that it cannot be allowed to go  
13 through.
