RE: *CN Railway Company/EJ&E*
STB Finance Docket No. 35087

Dear Secretary Quinlan:

I am writing about the purchase of the EJ&E line by CN railway, a purchase that would help reduce the train congestion in the greater-Chicago area.

I strongly support this proposal, as I live a few blocks from train tracks near downtown Franklin Park. Currently, there is a lot of traffic noise here because of the train congestion.

With this acquisition, CN would be able to move many of its freight trains away from our community to less congested tracks to the west and north of Chicago. This would help alleviate the congestion that people who live in Franklin Park have to deal with on a regular day-to-day basis.

Please approve the purchase as soon as possible. By doing so, you will help reduce the serious train congestion in this community. Thank you for your attention.

Sincerely,

Catarina Carrera
