Please do not allow this merger to go through. The City of Joliet does not care about the residents on the East Side of Joliet. I cross the EJ&E tracks twice in my 3 mile drive to work. If this merger goes through, I will have to use the interstate to go to work. I have a hard time paying for what little gas I use, if I am forced to take an alternate route to work because of the trains, I may loose my house because of the increase in gas costs. This will adversely effect all residents of my low income neighborhood. Please take into consideration the people who are just scraping by. The increased train traffic will be a nightmare on our pocket books as well as the emergency services. It is hard enough to get the police to come when called, if a train is blocking one of the few ways to get there, the results could be devistating.... Thank you for your Time, Sincerely,
Melissa L. Miesmer
