Message: I am deeply concerned about the impact the purchase of the Elgin, Joliet and Eastern Railroad by the Canadian National Railway will have on our community. We already have noise, traffic and railroad crossing safety issues with the trains already running. Without major improvements to the crossings including over-passes, sidewalks and safer crossings, as well as noise solutions and a serious review of the impact this will have on traffic, delays impacting school buses and an increase in traffic in general, I just don't see how this will be good for our community. It is already bad enough for the same reasons.
