Dear Mr. Navecky:

I would like to express my concerns over the proposed Great Lakes Basin Transportation, LLC rail line project. Docket # 35952. I oppose the project and ask the Surface Transportation Board to deny the proposal. My concerns are:

*that I've heard that GLB wants an
environmental study waived for this project.
I sincerely hope that this is not true. It's
imperative that this study be done. We
couldn't even tear down a barn on our property
until an environmental engineer OK'd for us
to get a permit. This project is much
larger than our barn tear-down.*

Respectfully Submitted
