Draft Environmental Impact Statement for the Proposed Canadian National Railway Company Acquisition of the Elgin, Joliet and Eastern Railway Company

STB Finance Docket No. 35087

Date: 8/27/08

I'm a teacher in Barrington, and already the traffic is so bad that the kids get to school late. More rains will make this situation even worse. And to what end? Please don't allow this to happen.

It also will impact emergency vehicles. life and death situations. Again, to what end? Please don't allow this to happen.

[illegible]
