RE: CN Railway Company/EJ&E
STB Finance Docket No. 35087

Dear Secretary Quinlan:

I strongly urge you to approve CN's acquisition of portions of the Elgin, Joliet and Eastern Railway Company. The abundant freight train traffic in Harvey has caused huge inconveniences in my life. CN's purchase will have an impact on this congestion, an issue in great need of resolution.

I have lived in Harvey for 8 years. I was a mover until a work injury gave me a disability. In this role, I was often stuck at freight crossings. They would impede my ability to start a job on time, and cause me to work later in the day.

I am still held up by the trains, as they cause my daily schedule to be thrown off. Because of my disability, I have to see a doctor in South Holland. The trains often make me so late that I have to cancel and reschedule my appointments, even though the office is just four blocks away.

Something needs to be done about this dilemma, and CN plans to step in and take action. Since CN would move traffic away from Harvey and other busy areas in the Chicago region, there is no reason why its acquisition should not be approved. Please make this issue your first priority. Thank you for your time.

Sincerely,

Levell Scott
