Environmental Impact Statement

Comment Form

Draft Environmental Impact Statement for the
Proposed Canadian National Railway Company
Acquisition of the Elgin, Joliet and Eastern Railway
Company

STB Finance Docket No. 35087

Date: 8.27.08

Comments must be submitted by September 30, 2008.

Please listen to the following comments that adversely affect the Barrington area and other communities on the CN Line.

- Emergency response times
- Our school children who travel by foot and bus over the train tracks everyday. -- delay times and safety issues how long will they be on the bus?
- Hazardous materials on train cars
- Retailers will not enter Barrington knowing the gridlock existing bc of trains. Our economy will falter.
- Property values will decrease. We bought in this town never imagining a train would ever come through 20 plus times a day. Who will buy in Barrington?
- The train goes through a brand new park with walking trails alongside the train tracks (Citizens Park) -- Safety? environment? NOISE?
- The train goes through my backyard w/ 50 yards of my house. Children cross the train tracks to go ~~out~~ to Citizens Park. With 20 plus trains a day, there will be children who don't see the trains and get hit. the traffic nightmare will be awful! The polluting noise and dirt will be awful for people

YOUR INPUT IS IMPORTANT!
