RE: CN Railway Company/EJ&E
STB Finance Docket No. 35087

Dear Secretary Quinlan:

Recently, I was informed of a proposal made by CN to acquire a section of the EJ&E rail line, which runs outside of Chicago. If this line is purchased, CN will be able to reduce the railway congestion that has been a problem for Chicago and help to further promote fuel efficiency.

As a resident of La Grange Park, I would like to see the train congestion reduced. Every now and then I get stopped by trains, but it is something that I have been forced to get used to. If the train congestion is reduced, then there will be less idling cars and trains, meaning less wasted fuel.

Clearly, accumulating more rail lines will even out the train traffic, and I fully support CN's move to acquire a portion of the EJ&E railway. Please support this acquisition for the continued growth of Chicago.

Sincerely,
