Message:

I am in opposition to the proposed CN acquisition of the EJ&J railroad for the following reasons:

1. Increased congestion at railroad crossings
 2. Decreased safety near railroad crossings. Many children in our neighborhoods and with the increased number of passing trains, it just increases the danger.
 3. Increased noise, vibrations and pollution as the trains pass.
- We are trying to keep Plainfield, IL a safe, quiet place to raise a family. Thank you.
