Good morning, Mary –

I am aware that the Canaveral Port Authority (CPA) has completed its feasibility study of a potential rail route through the Cape Canaveral Air Force Station and that the CPA commissioners took a vote on the feasibility study recently, but I have not received anything in writing from CPA on these matters (including the study or the outcome of any commission vote).

Thank you for your kind words and I wish you a happy new year as well.

Thanks,

Dave

Subject: STB Dkt FD 35852
Importance: High

Hi Dave,

I am writing to ask if there is a new development in the Canaveral Port Authority item. The board has voted to request the STB NOT consider any route for the proposed rail except the CCAFS (Larkin) route. However, I have seen no evidence that this has occurred. Can you enlighten us regarding where the item stands?

Hope your Christmas was joyful and your New Year is filled with health and peace.

Cheers,
Mary
