Draft Environmental Impact Statement for the Proposed Canadian National Railway Company Acquisition of the Elgin, Joliet and Eastern Railway Company

STB Finance Docket No. 35087

Date: 8/27/08

Comments must be submitted by September 30, 2008.

Any increase in rail traffic would devastate the Barrington Community. Our Public safety, Commuter rail lines, and School transport would be paralized by the increase in rail trafic on the E.J. & E Tracks. Indeed all commuter rail Trafic will be impacted in the Chicago area as this line will not travel North and South but instead will Circle the Chicago Suburbs.

You Cannot let this project go through as it will not enhance Chicago as a business center but will Paralize Commerce. We are counting on you the STB to protect Our community and the Metropolitan area.

YOUR INPUT IS IMPORTANT!
