STB Finance Docket No. 35087

Environmental Impact Statement

Date: 8/27/08

Comments must be submitted by September 30, 2008.

Stop! Please prioritize people over rail!

Our Communities will be severly impacted by the dramatic increase in rail traffic. Noise, safety and additional traffic delays will all be issues.

We need more options. What else could CN do? How could routing traffic on other rails be worked out? Can traffic be pushed further out of town/Chicago?

We need more work on mitigation of downside and risks! Our communities will be impacted and big business will gain.

Please deny this request!

YOUR INPUT IS IMPORTANT!
