Draft Environmental Impact Statement for the
Proposed Canadian National Railway Company
Acquisition of the Elgin, Joliet and Eastern Railway
Company

STB Finance Docket No. 35087

Date: 8/27/08

Comments must be submitted by September 30, 2008.

- Please vote 'NO' to this acquisition. It would devastate so many communities in so many ways.
- The danger to children walking, biking and riding buses to school whose safety would be compromised should be paramount in your consideration.
 - The delay in response time to emergency vehicles would cause serious loss of life. No loss of life is worth the financial gain CN would end up with.
 - The fact that CN wants to only contribute a pittance to mitigation is evidence that they could care less for the good of America and are only interested in their financial gain.
