

Environmental Impact Statement

Draft Environmental Impact Statement for the Proposed Canadian National Railway Company Acquisition of the Elgin, Joliet and Eastern Railway Company

Date:

8/27/08

I Am A COMMERCIAL RECTOR IN BARRINGTON. The "possibility" of the CN purchase has brought activity to a halt. No one will make an economic decision until the CN decision is complete. If the sale goes through - the market will collapse - Varnet offices will remain vacant. Retail shops will close. Property values will fall dramatically.
