Draft Environmental Impact Statement for the
Proposed Canadian National Railway Company
Acquisition of the Elgin, Joliet and Eastern Railway
Company

STB Finance Docket No. 35087

Date: 8/27/08

Comments must be submitted by September 30, 2008.

I AM CONCERNED WITH THE INCREASE IN
TRAFFIC CONGESTION IN THE DOWNTOWN BARRINGTON
ARE IF THE EJ&J ACQUISITION IS APPROVED
(THROUGH)

THE TWO MAIN STREETS IN A TOWN ARE ALREADY
GREATLY EFFECTED BY HIGH TRAFFIC AS IS -
The School (H.S.) is very close to the tracks
and students walk + bike to school and
cross these tracks 2X a day. The police,
ambulance + fire services would be
greatly effected if train traffic increases

THE EFFECTED CROSSINGS WILL NEED TO BE
Reconfigured B4 Rail traffic increases.
Bridges + underpasses need to be
built which will allow traffic to flow
normally.

you must negotiate some mutually acceptable
agreements to pick up the cost of
grade improvements and not leave us with
the bill.
