Message: My fiance and I recently purchased a home in the Laurel Ridge Subdivision in Aurora, IL, which is approximately 3 blocks from the railroad tracks that the Canadian National Railway is proposing to increase train traffic to as many as two trains per hour. My fiance also works in the Indian Prairie School District where many employees and students would be having to cross the railroad crossings to get to their school buildings. Too many of the railroad crossings are on main roads: Ogden Avenue, Wolf's Crossing, 111th Street, 127th Street, 135th Street, etc. These roads are highly traveled by individuals and they are surrounded by neighborhoods with schools and children. It would be a disservice to the community to let this pass.
