

Request No. 4: Data Source Information

In accordance with footnote 13 in the Board's order served May 15, 2023, Union Pacific is providing data source information provided in response to Request No. 4. Union Pacific utilizes a Teradata table, called TDBDVP70_tdbvw961, which has this data. The table includes the assignment for each TE&Y employee and associated service unit. The number of employees for each board was counted per day and that number was averaged. Below is a snapshot of the fields searched within the database:
