Draft Environmental Impact Statement for the Proposed Canadian National Railway Company Acquisition of the Elgin, Joliet and Eastern Railway Company

Date: 8/27/08

I'm very concerned about the Safety of my children and those in the school district. Buses utilize the railroad tracks frequently and this will impact timeliness in picking up and dropping off children.

I'm also very concerned about bringing patients to Good Shepherd Hospital. The expansion will cause a significant delay and place patients at an increased risk of receiving care as quickly as possible.
