Attention STB Finance Docket No: 35087:

It is safe to say that the proposed takeover of the EJE Railroad by CN Railroad would be disastrous from so many standpoints. Some of the obvious are listed below.

① The tie-up of traffic, including emergency vehicles.

② The danger of chemical leaks, either from faulty equipment, or in the event of a train accident.

③ The possibility of a train accident with attendant problems.

④ Danger to wildlife

⑤ There are other objections which may not be so critical, but nevertheless objectionable - noise, etc.

Please give the matter the serious thought it deserves. Thank you for the opportunity to voice our thoughts.
