Draft Environmental Impact Statement for the
Proposed Canadian National Railway Company
Acquisition of the Elgin, Joliet and Eastern Railway
Company

STB Finance Docket No. 35087

Date: 8/27/08

Comments must be submitted by September 30, 2008.

Increased railroad traffic, as proposed by the
CNR EJ&E acquisition, will devastate the town of
Barrington. It's not fair that a business
(especially Canadian as opposed to American)
that stands to make a HUGE PROFIT
will not make significant concessions to help
citizens in our town pay for ~~the~~
the type of accommodations needed to
lessen the negative environmental impact
that the acquisition will have ~~in~~ Barrington
is the "little guy" getting stomped by
the greedy "Big guy." Who will help
us if not ourselves or ~~the~~ our government?
It's a sin.

* Emergency vehicles will be slow.
Traffic will be a nightmare. Even teenage
~~suicides~~ suicides from trains will probably
increase ~~to the point of a health hazard~~

YOUR INPUT IS IMPORTANT!
