Mr. Eric Jakubowski
Chairman, Railroad Shipper Transportation Advisory Council (RSTAC)

Dear Mr. Jakubowski,

This letter is in regard to an open seat as a small railroad representative on RSTAC. I would like to nominate myself as a candidate to be considered. I believe I could bring a unique perspective with my twenty-five (25) years' experience in managing Supply Chain and Logistics, along with my nine (9) years working for the Southern Pennsylvanian Transit Authority (SEPTA) as an operator on light rail and the Norristown High Speed Line.

As for my experience, for the past two years I have been the Vice President of Operation for Saint Paul Commodities which specializes in oils and fats trading. My group manages more than 6,000 movements a year utilizing 1,100 rail cars shipping on all the Class 1 Railroads along with a number of Short Lines. We also manage 18 tans-load sites along with five (5) blending plants across the United States, Mexico and Canada. My experience also extends to intermodal operations and regulatory compliance on state, federal and international levels.

Having served on the Advisory Board of the National Private Truck Council (NPTC) and active participation with National Tank Truck Carriers (NTTC) and the Midwest Association of Rail Shippers (MARS), I am well-versed in industry standards and best practices. I am readily available to undertake any necessary duties and welcome any questions or concerns you may have.

Thanking you in advance for your consideration.
