I have concerns with how mitigation is going to be paid for. My husband and I moved to Barrington 2 years ago we moved here for better schools and a better quality of life for our children. We are not wealthy and live in a very modest home 1/2 mile from the EJ&E. With the economy as it is my family has made major cuts in our budget. We can not afford to pay higher taxes to pay for grade separation overpasses and whatever else Barrington residences are going to be stuck paying. I am worried about the safety of my children and if we do have an emergency how long will it take for responders to reach my home. The people of Barrington moved here for a reason. To live in an area that is safe and free from the congestion of the city. Please make the right choice and deny CN railroad the purchase of the EJ&E Rail road.
