Draft Environmental Impact Statement for the
Proposed Canadian National Railway Company
Acquisition of the Elgin, Joliet and Eastern Railway
Company

STB Finance Docket No. 35087

Please save our town and prevent the aggression from happening.

My greatest concern, and one that has not been addressed is the fundamental disregard for public safety.

The current plan is so grossly under-funded in terms of supporting infrastructure ~~that~~ to accommodate appropriate safety measures and mitigate traffic bottlenecks that it not only affects those in the immediate surrounding suburbs, but all those that cross paths with the railway system.

Again, please save our town and fund the appropriate infrastructure.

YOUR INPUT IS IMPORTANT!
