Dear S.T.B.

I Strongly oppose The Acquisition of the EJ+E Railway by The C. N. Railway.

My reasons are Listed Below.

- (1) Emergency Vehicles, how can we get This Now if we have A Freight Train or Train's Passing Thru. The way I get it, There will be Lots of Train's per day.
- (2) Traffic is Tough Enough Now. I can't Think of what it would Be if The Train's would Block Rt. 14, Possibly Rt. 59, and Lake-Cook Rd. IF This were to happen, The C.N. could Stop all Traffic North, South, East, and West, AT Once!
- (3) What About our Business owner's. What would Happen to Them? I, For one, would Avoid A Town in constant gridlock Like The Plague. Who wants to Sit in Traffic?
- (4) I have No Idea what's on The Train's, Are They Transporting potentially Lethal or HAZARDOUS Materials?

In closing, I Personally Feel Property Values will drop, The Town will die off. I See No Positive Side in Letting the C.N. Railway Purchase the EJ+E.
