I just moved to Barrington 4 months ago. I felt like I was making the best decision for my family. It's a wonderful town with a great school district. The neighborhood we moved into is a dream come true. I now live and work in Barrington. Not only is it a great place to live, but everything is conveniently located. Now my family and I may be faced with a situation that seems doomed. Not only will getting from my house to school be delayed, but my everyday driving will be a nightmare. It's horrible. Will it be so difficult to commute from during its everyday life?

Also, the environmental impact to a thriving community. It will turn a town an industrial zone. Please spare our families in this special community.
