Draft Environmental Impact Statement for the
Proposed Canadian National Railway Company
Acquisition of the Elgin, Joliet and Eastern Railway
Company

STB Finance Docket No. 35087

Date: 8/29/08

Comments must be submitted by September 30, 2008.

My main concern with the increase in
the number of trains, would be the
response time of emergency equipment
and medical assistance. Barrington is
already very congested and this would
add great stress to the growing
problem!

Thank for your help in this
matter!
