Ms. Pitel -

Sorry for the delay in getting aback to you, I have been out of the office.

It appears you received the letter in error. There are no proposals for the proposed rail line to extend that far north. I apologize for the confusion.

Thanks,

Dave

Subject: Town of Wilton Monroe County

Good Morning Dave,

The Town of Wilton, located in Monroe County, received a letter from your office last Friday stating that the Great Lakes Basin Transportation, Inc. Railroad Proposal "may" affect our municipality. I have looked at the information

online and I am not understanding. I see the rail map coming as far as Janesville. We are northwest of this by about 3 hours located closer to where I90 & I94 divide. Can you please clarify how this affects us? Did we receive this letter in error? Are there plans in the future to extend this rail towards our direction? Any information you can give us or map would be greatly appreciated.

Thank you,

Becky Pitel
