Draft Environmental Impact Statement for the  
Proposed Canadian National Railway Company  
Acquisition of the Elgin, Joliet and Eastern Railway  
Company

STB Finance Docket No. 35087

Date: 8/27/08

Comments must be submitted by September 30, 2008.

- The STB mistakenly assumes that our impacted community know what can/should be mitigated & what is our negotiating power w/ CN. But we're smart people. We can see what is wrong with this deal. And we need STB to help!
- The response time for emergency vehicles concerns as all is not adequately addressed.
  - Residential housing impacts have been ignored / downplayed. The impact of the noise, traffic & decreased attractiveness of our town is very real. You will hurt our pocketbooks & the continued poor state of the economy by approving this plan.
  - I moved to Barrington for our terrific schools & the ability for my kids to walk to school. The freight train traffic will be inconvenient & mostly dangerous.
  - Our businesses will suffer greatly as no one will be attracted to work & shop here.
  - CN increased profits are not worth our personal loss of real estate property value & quality of life.
