Message:

There are two EJ&E street level crossings within the village of Barrinng, IL plus the crossing of the METRA tracks. If CN increases the number of daily trains from 5 to apx 20 as planned that would stop traffic apx two hours per day if each train takes seven minutes to clear a crossing. Since Hough Street(Rte 59)is a State highway and the Main Street is a County Highway the effect on Barrington would be a disaster. Do not approve the CN purchase of EJ&E.
