Environmental Impact Statement

I see no benefit to this transaction

I just think of how much our children would be in danger. Remember the Children that were killed by a train in Cary, Ill. that nightmare will never go away.

This Also will cause nothing but congestion on our roads & towns, many Delays.

Also what about the Chemicals that will be comeing through our neighboods, this also is of great danger.

I am deeply concerned about our safety efficency & cost of this transaction.

I highley oppose this transaction
