- 1) TRAFFIC is already a problem, especially during Rush hour. Trains, more of them and longer ones will make the problem worse. Pollution issues. Safety issues.
- 2) I Believe that CNR needs to Pay for under/over passes in Barrington. They stand to make a great deal of money on the deal. It should not be at the expense of the residents living along the train line. The government local or national to pay for that. ~~the other~~
- 3) I don't Believe it is fair for CNR to force the issue - one way. There are reasons to wait for the studies. DO NOT let them pressure an early decision.

YOUR INPUT IS IMPORTANT!
