Message:

It has come to my attention that there is a proposal to increase the RR traffic just west of my neighborhood. As someone who commutes using Ogden, I want to voice my opposition to this proposal. The traffic is horrendous enough and when there is a train, it is incredibly difficult to get home.

Also, there sounds of the whistles at all hours is disturbing enough through the night. I can only imagine the increase in noise if we more than triple the number of trains per day.

I am extremely opposed to this increase. Please think about the neighborhood and not just commerce when considering this proposal.
