Attn: Docket FD35952

Dave Navecky,

As a landowner in Illinois, I oppose the construction of the rail line proposed by Great Lakes Basin Transportation LLC.

I want you to deny the application of the Great Lakes Basin Transportation Inc.

There are many major public environmental issues which will affect prime farmland in Grundy and La Salle County, Illinois. One major issue is the flooding of fields and erosion of topsoil. Another is the concern for the safety of the residents when a train derailment causes a toxic chemical spill.

Deny the entire Great Lakes Basin Transportation LLC project from being constructed on valuable Illinois farmland which will decrease the corn and soybeans production on prime Illinois farmland. Large acres of prime valuable Illinois farmland will be permanently lost and destroyed.

Marsha Tesdal
